3D LIVESURGERY

EUROPEAN PREMIERE

Controversies, Art & Technology in Breast
and Bodycontouring Aesthetic Surgery

This meeting gathers renowned pioneers in the area of Body Contouring and Aesthetic Breast Surgery, in order to provide the audience with state of the art in technique and technology, and additionally to discuss controversy and consensus extensively.

For the first time in Europe live plastic surgery will be fully broadcasted in 3D - High Definition, which will bring the quality of the education to an unprecedented level. Don't miss this premiere!
